

Classic profile that creates a recessed base at the bottom of a wall just above floor surface or at the top of a wall just below the ceiling surface with additional reveal space created by projecting edge. Projecting linear edge adds streamlined detail to any room. Ridged face provided for taping and floating. Can be used in conjunction with wrapped surface finishes such as fabric or vinyl wall coverings. Used horizontally. Available in 10' length.

6063 T5 aluminum with standard clear anodized or primed finish. Anodized color and powder coating finishes available with custom color matching.
