

Ezvent® Continuous Soffit Vent

DESIGN FEATURES

The other best looking, most "framer-friendly", easy to install, effective continuous soffit vent on the market. Unique double leg channel on one side hide edges of soffit material for clean look and help prevent vent from being pulled up into subfascia.

4" Ezvent® - 1/4" and 5/16" Ezvent® with 18.8 sq.in/foot air flow delivers almost 4x the air flow of the typical 5.0 sq.in vented soffit panel in less space while not allowing bees to enter.

MATERIAL

Paintable white extruded rigid PVC, industry-standard, durable, chemically resistant product designed for outdoor weatherability.
