BASE PROJECTING DOUBLE FLANGE

**DESIGN FEATURES**

Striking profile that creates a recessed base at the bottom of a wall just above floor surface or at the top of a wall just below the ceiling surface. Double flange creates a reveal for visual impact as well as protecting the bottom of wall material and creating a lower recess. Can be used in conjunction with wrapped surface finishes such as fabric or vinyl wall coverings. Used horizontally.

**MATERIAL**

Available in 10’ length. 6063 T5 aluminum with standard clear anodized or primed finish. Anodized color and powder coating finishes available with custom color matching.

**Green Building and LEED**

Tamlyn products can earn or contribute to credits in categories MR 4.1 and MR 4.2. These credits require a minimum percentage of the value of the building materials to be recycled. Also EQ, Low Emitting Materials Credit and EA, Optimized Energy Performance Credit. Tamlyn products are typically made from 75-100% post industrial and post consumer scrap.

For more details and LEED letters contact Technical Support at 844-334-1676.
