Re: **California Proposition 65**

Dear Customer,

R.H. Tamlyn & Sons, LP is in receipt of your requesting the specific information about the referenced statute and any steps we have taken to meet the requirements of Proposition 65. Please accept this letter as our response.

The California Safe Drinking Water & Toxic Enforcement Act of 1986, commonly known as Proposition 65, establishes a list of chemicals which the state of California's risk assessment process has determined to present a risk of cancer, birth defects or other reproductive harm. Proposition 65 requires businesses to provide warnings about exposures to these chemicals. R.H. Tamlyn & Sons has taken the following steps to comply with Proposition 65:

1. R.H. Tamlyn & Sons, LP reviewed the details of Proposition 65 and the new requirements as described at [www.p65warnings.ca.gov](http://www.p65warnings.ca.gov);
2. R.H. Tamlyn & Sons, LP requested its Quality Department review the Proposition 65 list of chemicals and identify, using information from our suppliers and manufacturers, those chemicals in R.H. Tamlyn & Sons, LP products known by the State of California to cause cancer or birth defects or other reproductive harm;
3. R.H. Tamlyn & Sons, LP developed an appropriate warning for its products which will be included on the product carton label for all products we send to Customers starting August 30, 2018.

 **WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

 **WARNING:** Cancer and Reproductive Harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

Should you have any questions or want to discuss further, please do not hesitate to contact us at 800-334-1676.

Sincerely,

Connie Kim  
Senior Vice President – Operations
